

NORDIC BUSINESS ANGEL NETWORK

Matching angel led cross-border startup investments

Nordic Business Angel Network is a not-for-profit association, supporting the matching of angel led cross-border startup investing in the Nordics and Baltics. The goal is to build a globally acknowledged network of recognized business angels, highlighting lead angel investors and expanding their businesses to other Nordic countries.

The activity is driven by a board of active Nordic business angels and serves all the angel networks in the Nordic and Baltic area.

A Global Window to Nordic Angel Investing

NordicBAN aims to become the global window of Nordic angel investors highlighting and sharing the most experienced business angel profiles and linking international interest to the main startup activities in the Nordics. The long-term vision is to make the Nordics one of the most recognised and dynamic regions in the world for startups to receive business angels investments.

Be part of angel led cross-border investments

The main value of NordicBAN is the effective introduction process of cross-border syndication ready startups with an active local lead investor on board. To support this activity, there is a demand for services supporting cross-border investing and growing companies to the final positive exit.

Some benefits for company partners
Regular newsletters with the newest lead angel syndication proposals and news (ca every 2nd week)
Active communication with the investor members about the available partner services supporting cross-border syndication and growing startups.
Support with arranging startup investing related activity (moderation, communication, link with investors).
Position in the advisory board supporting the board of business angels.

The association is driven independently by business angels and the association itself is not aiming for profit. The activity is financed with a yearly fee by angel networks and valuable company partners supporting cross-border investing.

Three categories partnership categories	Yearly fee
Deal supporting financial or consultation service companies with more than a 100 employees	15.000€
Investment companies & accelerators	10.000€
